Experience

Sr. product designer @ YOUDO

Mar 2022 - Current

- Improved design system for consistency and cohesion
- Created a new Figma file structure for a streamlined design process
- Designed employee account page with registration flow
- Developed a "what's new" section for product updates
- Designed various features to enhance functionality

Through these projects, I have honed my skills in design strategy, visual design, user experience, and project management. I am committed to delivering high-quality design solutions that meet business objectives and exceed user expectations.

Lead product designer @ Loginet

Jun 2021 - Mar 2022

- Hired and managed a design team
- Established processes for the design team, such as weekly sprints and 1:1 meetings
- Facilitated cross-team interactions for alignment and collaboration
- Shifted the team's mindset towards data-driven design and introduced an analyticssystem
- Increased focus on testing new features before development

Through these efforts, I fostered a culture of design excellence and empowered my teamto deliver impactful solutions. I am dedicated to improving my skills in design leadership,team management, and cross-functional collaboration.

Product designer @ Loginet

Jul 2020 - Jun 2021

- Redesigned over 10 core product services for improved user experience
- Fully designed 5 new services to expand the product offering
- Created a new admin panel for simplified product management
- Rebuilt and restructured UI kit and updated design system guidelines

Through these projects, I honed my skills in product design, user experience, and visual design. Within a year, I grew to become a middle designer and independently managed the design of the entire product. I am passionate about delivering exceptional results and constantly seek out new challenges and opportunities to expand my skill set.
